To Business Men.

There is no place in or out of the State where Groceries are sold as low, freight and time considered, as they are in Houston.

The fact has been fully established that Cotton is received more promptly, handled quicker, at less expenses and with better results in Houston than anywhere in the State.

A personal inspection of my stock and manner of doing the Cotton Business will more than confirm the above assertions. Please favor me with a call when you visit Houston.

For Dyspepsia, Costiveness, Sick Headache, Chronic Diarrhea, Jaundice, Impurity of the Blood, Fever and Ague, Malaria, and all Diseases caused by Derangement of Liver, Bowels and Kidneys.

SYMPTOMS OF A DISEASED LIVER.
Bad Breath; Pain in the Side, sometimes the pain is felt under the shoulder-blade, mistakes for rheumatism; general loss of appetite; Bowels generally constive, sometimes alternating with lax; the head is troubled with pain, is dull and heavy, with considerable loss of memory, accompanied with a painful sensation of leaving undone something which ought to have been done; a slight, dry cough and flushed face is sometimes an attendant, often mistaken for consumption; the patient complains of weariness and debility; nervous, easily startled; feet cold or burning, sometimes a prickly sensation of the skin exists; spirits are low and despondent, and, although satisfied that exercise would be beneficial, yet one can hardly summon up fortitude to try it--in fact, distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred when but few of them existed, yet examination after death has shown the Liver to have been extensively deranged.

It should be used by all persons, old and young, whenever any of the above symptoms appear.

Persons Traveling or Living in Unhealthy Localities by taking a dose occasionally to keep the Liver in healthy action, will avoid all Malaria, Bilious attacks, Dizziness, Nausea, Drowsiness, Depression of Spirits, etc. It will invigorate like a glass of wine, but is no intoxicating beverage.

If you have eaten anything hard of digestion, or feel heavy after meals, or sleepless at night, take a dose and you will be relieved.

Time and Doctors' Bills will be saved by always keeping the Regulator in the House!

For, whatever the ailment may be, a thoroughly safe purgative, alterative and tonic can never be out of place. The remedy is harmless and does not interfere with business or pleasure.

IT IS PURELY VEGETABLE.
And has all the power and efficacy of Calomel or Quinine, without any of the injurious after effects.

A Governor's Testimony.
Simmons' Liver Regulator has been in use in my family for some time, and I am satisfied it is a valuable addition to the medical science.

J. GILL SIMMONS, Governor of Ala.
Hon. Alexander H. Stephens, of Ga., says: Have derived some benefit from the use of Simmons' Liver Regulator, and wish to give it a further trial.

"The only thing that never fails to relieve," I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent Simmons' Liver Regulator has. I sent from Minnesota to Georgia for it, and am satisfied further for such a medicine, and would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve.

P. M. JANNEY, Minneapolis, Minn.
Dr. T. W. Mason says: From actual experience in the use of Simmons' Liver Regulator in my practice I have been and am satisfied to use and prescribe it as a purgative medicine.

Mission Valley Nurseries,
Twelve Miles From Victoria, Texas.

These Nurseries have claims upon the people of western and southern Texas that cannot be urged by any other establishment.
To give to western and southern Texas a list of fruits adapted to the climatic requirements is the object to which the proprietor has devoted his life. He has been able to bring to his aid the advantages of early horticultural training, and by the expenditure of over twenty thousand dollars in experiments upon our own ground--by close observation and study through the quarter of a century during which horticultural study, experiment and labor, has been his leading pursuit--he has been able to become acquainted with the peculiar wants of our very peculiar climate.

Taking advantage of the principle well established by physical geographers, viz.: that all fruit trees are improved by being carried toward their polar limit, and that they are deteriorated by being carried towards their equatorial limit--he has made his experiments and established his nurseries farther south than any other general nurseries in the United States. He sells no cheap northern trash to his customers. His trees and plants are therefore better suited to Texas culture than those of any other establishment in the world.

Our nurseries and grounds, embracing about sixty-five acres in horticulture, will be freely shown to visitors every day but Sunday.

Orders for trees and plants received by mail, or through any of our authorized agents.

Catalogues sent free to every applicant. For further information apply to

I vex my heart with fancies dim;
He still outstripped me in the race;
It was but unity of place
That made me dream I ranked with him.

And so may Place retain us still,
And he the much-beloved again,
A lord of large experience, train
To ripper growth the mind and will:

And what delights can equal those
That stir the spirit's inner depths,
When one that loves, but knows not, reaps,
A truth from one that loves and knows?
Tennyson.

Why we have so Few Good Riders.

It has frequently been the subject of remark as to the cause of the scarcity of good Jockeys. To be sure we have some excellent riders--Barrett, Evans, Hughes, Barbee, Peakes, and probably half a dozen others, but not more. The secret is explained in the fact that unless a Jockey takes great care of himself constant exercise in the saddle will superinduce Piles of the most aggravating character, that itch intensely, particularly after getting warm in bed, and thus render him unfit for service on the track. However if Swayne's Ointment were used, the worst case of Itching Piles would be speedily cured.

George Henry Imhoff died lately at Richmond, Ind., at the age of 107 years and 4 days. He was born in Germany, was a soldier under Napoleon Bonaparte, and emigrated to this country in 1842.
